Other Business: Jane Britton discussed the possibility of a person serving as representative of Chatham (with voting rights) at SAD 72 meetings. It was decided that the State of Maine needs to rule on the legality of such an appointment and determine whether a current member of the school board would need to be the representative.

Currently, a signed contract with SAD 72 is not in place. The Chatham School Board meets with them on a yearly basis. The School Board agreed to look into the possibility or need for a contract.

Respectfully Submitted,

Catherine Lee Kyle, Clerk

TO THE INHABITANTS OF CHATHAM:

In 2005, when the snow ended, the rains came washing sections of Butter Hill Road which were mended.

In late summer, portions of the road were widened, ditched, and gravel applied in order to shed water and prevent washouts.

I plan in 2006 to gravel the Evergreen Valley Road and the lower half of Little Chatham Road. Also, to cut bushes on Dewing and Weeks Road. In addition, I plan to gravel and ditch the top end of Butter Hill Road.

Thank you for your support. Special thanks to Herb and Nelson Eastman for all your help.

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. A fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2217, or online at www.nhdfi.org.

Fire activity was high during the first several weeks of the 2005 fire season, with red-flag conditions issued by the National Weather Service and extreme fire danger in the southern and central portions of the state. This period of increased initial attack activity prompted a 5-day ban on open burning, the first such ban in several years. Despite the dry conditions, the state's largest wildland fire was contained at 29 acres. Our statewide system of fire lookout towers is credited with keeping the fires small and saving several structures this season due to their quick and accurate spotting capabilities. Fires in the wildland urban interface damaged 10 structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!
